Objective

Motivated and detail-oriented second-year Computer Science and Engineering student specializing in AI ML . Passionate about Artificial Intelligence, Machine Learning, and full-stack development, with hands-on experience building AI-integrated applications and managing databases. Seeking opportunities to apply strong technical skills and continuously learn in a dynamic technology environment.

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering *Amrapali University , Haldwani, Uttarakhand*

- Specialization: AI ML
- Expected Graduation: 2028

Certifications

- **IBM AI Engineering Professional Certificate** – Coursera (March 2026)
  - *Skills Acquired:* Deep Learning (Keras, PyTorch, TensorFlow), Generative AI, LLMs, RAG, LangChain, NLP.
- **Google AI Professional Certificate** – Coursera (February 2026)
  - *Skills Acquired:* AI Fundamentals, Prompt Engineering, App Building, Data Analysis, Content Creation.
- **Unlocking AI for Everyone (Beginner)** – Microsoft / Skill India NCVET (February 2026)
- **Git Training** – Simplilearn (April 2026)

Technical Skills

- **Programming & Scripting:** C,Java,Python, PHP, SQL, DSA in C
- **Web Development:** HTML, CSS, Bootstrap
- **AI & Machine Learning:** TensorFlow, Keras, PyTorch, LangChain, Hugging Face, LLM Workflows, CNNs, Transformers
- **Database Management:** MySQL, Oracle Database, DBMS concepts
- **Tools & Technologies:** Git, Google Gemini, XAMPP, Apache Netbeans,

Projects

Attendance Management System | *April 2026*

- Developed and deployed a comprehensive full-stack web application to track and manage student attendance.
- Built the frontend using HTML, CSS, and Bootstrap, and integrated a robust PHP and MySQL backend for secure data storage and querying.

Experience & Leadership

Google Student Ambassador Intern | *Amrapali University* | *August 2025 – Present*

- Spearheaded campus-wide AI initiatives, successfully organizing and conducting a dedicated Google Gemini seminar
- Managed the coordination of student lists and promotional materials to build a strong, tech-forward community.
- Demonstrated advanced AI tools and workflows, engaging peers in the practical applications of generative AI.
